| 23. Problem: (use additional Sheets if necessary)  |              |                 |  |   |                  |   |            |              |  |
| Running out of disk space for ftp  |              |                 |  |   |                  |   |            |              |  |
|  |              |                 |  |   |                  |   |            |              |  |
| 24. Proposed Solution: (use additional sheets if necessary)  |              |                 |  |   |                  |   |            |              |  |
| Add shelf EIN 9182, populate with 10x18 GB 7200 rpm drives in Rack EIN 9689. Attach as shelf id 2 on controller unit EIN 8838. Bind as an 8+1 RAID3, concatenate the lun to the existing ftp_pull area and grow the file system. This will add approximately 135 |              |                 |  |   |                  |   |            |              |  |
| GB of disk space to partition.   |              |                 |  |   |                  |   |            |              |  |
|  |              |                 |  |   |                  |   |            |              |  |
| 25. Alternate Solution: (use additional sheets if necessary)   |              |                 |  |   |                  |   |            |              |  |
| Add a new RAID with controllers.   |              |                 |  |   |                  |   |            |              |  |
|  |              |                 |  |   |                  |   |            |              |  |
| 26. Consequences if Change(s) are not approved: (use additional sheets if necessary)   |              |                 |  |   |                  |   |            |              |  |
| Will continue to run out of disk space.  |              |                 |  |   |                  |   |            |              |  |
|  |              |                 |  |   |                  |   |            |              |  |
| 27. Justification for Emergency (If Block 15 is "Emergency"):  |              |                 |  |   |                  |   |            |              |  |
|  |              |                 |  |   |                  |   |            |              |  |
